Dr James Louie Meneses [FIND OUT MORE](#)

Assistant Professor, Researcher, and Consultant, Manuel S. Enverga University Foundation, Philippines

Dr. James Louie Meneses is an experienced professor, consultant, industrial engineer, and researcher. As a professor, he teaches industrial engineering courses, including research, operations management, operations research, feasibility studies, and ergonomics. As a consultant, he works in industrial engineering designs, management, quality management systems, and data analysis.

In his early professional life, he worked as a quality control engineer and management trainee in a manufacturing company. Currently, he is working as a full-time professor and a research coordinator at Manuel S. Enverga University Foundation, Philippines. His role as a consultant is mainly related to the quality management system, and quality and system improvement. He works closely with researchers in data analysis, applying 1st- and 2nd-generation statistics (Structural Equation Modeling).

His work as a researcher is mainly associated with using the lean six-sigma methodology, ergonomics design, and Partial Least Square Structural Equation Modeling (PLS-SEM).

Dr. James Louie Meneses holds a Doctor of Philosophy in Management at Lyceum of the Philippines Laguna, and earned his Master in Engineering majoring in Industrial Engineering at Adamson University. He presented his work in several research fora, where he has been awarded best presenter and research paper.
